

Shake up convention with a mix of modern materials. Positively oozing style and individuality. Choose glossy and reflective coloured glass or mirror, with cool steel accents to contrast with warm wood tones, slatted or smooth.

There are five sizes to choose from, with two or three soft sliding doors. All have a quality 22mm carcass throughout, and are designed to match existing furniture and decor.

Consider for elsewhere within the home. So versatile, why confine them to the bedroom? Would look great in the living room, hallway, or study, or even as a room divide.

Choose coloured glass in Pearl White, Slate Grey or Jet Black, or even Frosted Glass or Mirror. There are four different carcass colours – cool Satin White, or warming Honey Birch, Light Beech and Warm Beech. Slatted doors add texture and are available in all carcass colours.

And with a wide range of accessory options – perhaps a shoe rack or tie rack, mirror or lighting – you can customise to suit your specific needs.

Practical storage capacity combined with good looks. Go on, let your imagination run away with you ...

High impact with dynamic horizontal lines and impressive looks. Captivating and completely individual in its style, its perfection is created by the simplicity of glass, sliced by cool silver strips. It is both no-nonsense practical and stunning. Perfect for today's modern lifestyles.

This eye-catching design instantly says 'non-conformist'. The sharp flash of glass against the grain of the smooth wood can be suited to your individual taste, making it as striking or as subtle as you desire. Clean and crisply styled, this could easily be used in the living room or even the office.
